

NCU IN TORUŃ Faculty of Economic Sciences and Management

Finance and Accounting

Study finance in an international environment at one of the top universities in Poland.

MODERN FINANCE STUDIES

International Program

Finance and Accounting is an elite English-taught program. It combines a strong academic foundation with global market requirements, preparing students for careers in banking, investment, and business.

Future Competencies

The program focuses on financial analysis, corporate accounting, and fintech. Students learn to manage capital and navigate the digital transformation of the global financial sector.

Careers without Borders

Taught entirely in English, our graduates gain the professional language fluency required to work in any financial hub – from London to New York and beyond.

DESIGNED FOR THE AMBITIOUS

The ideal choice if you:

- > Plan a career in audit, controlling, or investment banking.
- > Are interested in capital markets and modern corporate value management.
- > Seek a prestigious degree recognized by global employers.
